

INTERGRATED MANAGEMENT SYSTEM POLICY

Our company is dedicated to Professionalism in ship supply. We are committed to meeting customers' requirements by adopting the policy of fast response, efficient and reliable 24/7 service and quality products at competitive pricing. We are committed to continually improving our Integrated Management System to satisfy our customers in the changing business environment.

HMS recognizes the need to protect the environment while safeguarding the health and safety of our employees. We are committed to encourage reduction, re-use and recycling of waste; minimize occupational health and safety hazards and their corresponding risks. We will also periodically review our EHS objectives and targets for continual improvement and prevention of pollution, excessive use of natural resources and accidents in compliance with all applicable laws and regulations.

Our customers are the focus of our business and our esteemed partners. Our commitment to the implementation of a food safety management system in our operations is to meet our customers' requirements and is their added value. As a supplier of food provisions, it is our policy to ensure that only safe food products are delivered to our customers. We achieve this through our emphasis on food safety and conformance with all statutory and regulatory requirements when we communicate our expectations with our food suppliers.

HMS Far East Pte Ltd is committed to ensuring the integrity of the Policy as defined in our Integrated Management System.
